

Remarks:

This amendment is submitted in an earnest effort to advance this case to issue without delay. The examiner has indicated that the case contains allowable subject matter.

With respect to the objection to the drawing for lack of a figure number it is noted that there is only one figure in the drawing. 37 CFR 1.84 states with respect to numbering of views: "Where only a single view is used in an application to illustrate the claimed invention, it must not be numbered and the abbreviation 'FIG.' must not appear." Thus the requirement to number the single view is wrong and must be withdrawn. The drawing does not need to be corrected.

Enclosed herewith is an executed Terminal Disclaimer that overcomes the only rejection in the case.

Thus all claims are allowable, and this application can be passed to Issue. Notice to that effect is earnestly solicited.

Respectfully submitted,
K.F. Ross P.C.
